

Union Marine Management Services Pte Ltd

UMMS is happy to announce the take over of MV Aurochs under the management of UMMS, Union Marine Management Services Pte Ltd.

MV. Aurochs is a Livestock Carrier which was delivered from Tsuneishi shipyard in Zhoushan Shipbuilding in 2017. Ownership is under Tsuneishi Group.

She has a capacity of appr. 2300 cattle and is trading in a regular liner service between Australia and Vietnam and Indonesia.

We are proud to be associated with this project and with MV Aurochs, UMMS is entering into a new segment of carriers and thus expanding the type of vessels under ship management. She is adding to the number of vessels that we are proud to have successfully taken over in these difficult times and we would like to thank the owners for their strong support throughout the process and our staff ashore and onboard to make this possible. We welcome her to our family and wish her and the crew onboard safe sailings and good health.
